Letitia Lipp
M.Ed, CPF

This program offers a blend of conceptual understanding of Adlerian theory and best practice in Parent Education using experiential learning. We provide the skills to design, prepare, and facilitate parenting workshops. With a Doctoral and Masters level faculty, we offer a unique opportunity to learn at a high level in an intimate setting.

CERTIFIED PARENTING FACILITATOR (CPF) STREAM

This Certificate is a compulsory prerequisite for applicants seeking future Certification as a Certified Parenting Facilitator (CPF). Applicants in this stream will need to complete the following requisites:

- Co-Facilitate a Parenting Workshop
- Criminal Record Check
- Interview with the Program Director
- Member of Adlerian Psychology Association of BC (APABC)

CERTIFICATE STREAM (8-week course only)

For those seeking skills and tools to enhance their counselling and parenting practices. Also for those working with children and adolescents, couples and families in related fields such as teaching, social work, family support and parents in general. Using an holistic Adlerian approach, participants will learn the tools to both conceptualize and offer parenting support to those in need.
